CANDYSTRIPER Bus Schedules

How To Read The Bus Schedule

You can read the bus schedule from left to right or right to left. It depends on if you choose to plan your trip by the time you want to get to where you to go, or the time you want to leave where you are. The time-points listed on the schedule are not the only places the bus will stop along the route. The bus can stop anywhere along the route for pick-up or drop-off. You can stand at any corner along the route and flag down the bus.

Plan to be at the stop where you want to be picked up **at least (5) minutes** before the departure time listed on the schedule.

- 1) First make sure you are reading the correct bus schedule for where you want to be picked-up or dropped-off.
- 2) Find the location where you want to be picked-up or dropped-off, on the top of the bus schedule.
- 3) Look down the column and find the closest time the bus will be at the desired location to when you want to depart or arrive.
- 4) Then along the same row - read either (left to right: for arrival location/time) or (right to left: for departure location/time). The location is always listed on the top of the bus schedule.
